

CERTIFICATE 2026

This certificate is given to

MERO-TSK International GmbH & Co.KG

Max-Mengeringhausen-Straße 5, 97084 Würzburg, Germany

The BVS e.V. confirms the membership of the company as an ordinary member.

BVS e.V. is an association of European system flooring manufacturers that sees itself as a partner of builders, architects, general contractors and executing companies. The aim of the BVS members is to further develop existing quality and safety standards for system floors in line with the market, to present the current state of the art and to update the technical regulations for system floors in international cooperation.

The members of the BVS e.V. are carrying a certificate of conformity with the BVS quality standards for system floors. These BVS quality standards are based on the testing and classification standards DIN EN 12825 raised floors and DIN EN 13213 cavity floors, as well as the associated application guidelines.

This certificate is issued annually and is valid until 31.12.2026. It is not a substitute for the certificate of conformity of standards.
